## **Global Warming & Climate Change – Victorian State Electorates**

**The issue of Global warming & Climate Change is an important one for many Victorians – particularly in inner suburban Melbourne.**

The electorates with the most electors concerned about this issue are led by 34.7% of electors in Northcote, 31.9% in Caulfield, 31.5% in Richmond and 31.0% in Melbourne. Three of these electorates are tight contests between the Greens and the ALP Government.

It is also considered an important issue by electors in several other ALP marginal electorates including 29.3% of electors in Prahran, 22.6% in Brunswick, 22.4% in Mitcham and 22.0% in Mount Waverley. Large numbers of electors in Box Hill (22.7%) and Kilsyth (17.3%) – both Liberal marginal electorates, also consider it an important issue.

### **Electorate Profiles**

In addition to Roy Morgan standard Profile contents, electorate profiles also include **the most important political issues rated by electors in each electorate** and which political party or parties' electors believe are better for the each of the issues.

### **Issues include:**

1. Reducing taxes. 2. Reducing crime and maintaining law and order. 3. Improving business. 4. Reducing unemployment. 5. Looking after the environment. 6. Open and honest government. 7. The needs of people outside cities. 8. Managing the economy. 9. Improving education. 10. Improving health services and hospitals. 11. Defence and national security. 12. Australia's ageing population. 13. The needs of families. 14. Global warming. 15. Fair workplace and employment regulations.
